

Oracle NetSuite Prepares the Fintech Industry for Success

As the FinTech industry evolves, many brands are partnering with Private Equity (PE) and Venture Capital (VC) firms to help bring their vision to the next level. NetSuite has a wealth of experience working with FinTech companies, PE and VC firms.

Dedicated PE and VC Investor Support

- Dedicated NetSuite team that partners exclusively with PE and VC firms and investor-backed companies.
- PE and VC best practice reporting metrics.
- Established financial reports to support diligence for future liquidity events—fundraising, acquisition, IPO.

Industry Expertise

- **Dedicated FinTech team for your success** – Highly focused on supporting companies as they adopt next generation technology.
- **Industry specific consultation and ROI analysis** – Adopting solutions should be value driven and provide tangible benefits to your organization. We understand that you don't assess software every day, and want to understand how we can provide positive impact as you continue to thrive and evolve.
- **Built to Scale** – On average, our FinTech customers are seeing revenue increase of 30%, improved speed of business reporting by 50%, and a 50% reduction in the time to monthly close.
